250,000 box limit is correct. We still owe you 3 containers of Safe Flex. I assume you want those as well?
Please advise?
Thanks,
B

Barry,

Just so I'm clear, the max we can buy is 250k units total. Please confirm so i can get the PO's issued. We will stick to Plan A below.

Jake and Powell and the rest of the Natural Essential team,

Thank you for the PO for the first 2 Superieur test containers.

We believe we will need 30-35 days to land them/inspect them, however let's stay flexible on these first 2 on the inspection date, as it's our first experience with Viet Nam. Jeff will send you a Proforma on these purchase orders post haste.

After analyzing our demand and the desire to be fair to other customers and keep our commitments, we feel that a 250,000 box cap on this lot would be a fair way to proceed. That would be 8 containers.

There are two ways you can buy these

- A. If you want to keep with the fully financed deal , we can offer you two containers every week to 10 days until you receive the 8 containers, so about a month to 6 weeks
- B. If you want 4 containers a week for two weeks, or possibly all 8 containers at one time, we would have to confirm that with the factory from a production standpoint and we would need a 50% deposit and would finance the balance until it lands.
- C. Since we only placed the test order so far, give us 35 days from tomorrow to begin your first receipt and then if you're staying with the finance deal, write your back up PO's with a 10 day window for each week.

Thanks,

B

All,

Please see the attached PO for the 2 trial containers of Gloves.

We'll send a second PO tomorrow for total we will want on the 500k.

Thanks again let's keep it rolling!
